Subject: Letter of Recommendation –Sun Communications, Inc.

To whom it may concern:

For the past three years, SCAN-Harbor has been using Sun Communications for Cloud Based Phone Service and Internet connections serving 5 office locations and 115 phones throughout the NYC area and the Bronx. Sun Communications was able to consolidate all of Scan-Harbor’s services onto one invoice while providing one point of contact and saving us significantly.

Customer support is very important to us especially during the pandemic. Sun Communications customer support provides knowledgeable and personalized service that you just do not get from the carriers.

We highly recommend Sun Communications to any business.

Yours truly,

J. Renee Avery, MS, LMHC
Deputy Executive Director
